NUMECA INTERNATIONAL USERS MEETING 2017

User Meeting 13th to 14th Nov.2017 Brussels, Belgium

Dear NUMECA User,

It is our honor to invite you to attend the 23rd anniversary of the NUMECA Worldwide User Meeting 2017, which will be held at the Radisson Blu Royal Hotel from 13th to 14th, November 2017. Again this year we expect a large number of NUMECA users and experts from all over the CFD industry to attend NUMECA User Meeting in Brussels.

NUMECA is recognized today as the most innovative company in the field of Computational Fluid Dynamics (CFD) and multiphysics design, analysis and optimization. Driven by creativity, innovation & quality, we proudly turn our passion into software toolsets that support the world's leading industries. At NUMECA, we provide innovative technology and models in response to specific industrial requirements. Customer satisfaction is our main objective, and we continuously improve our software and services to turn your product design into a real success for your organization. With creative teams all over the world, we deliver the best in software, R&D, support and services.

The meeting will provide useful information concerning NUMECA's recent and future developments, as well as, opportunities for learning new ways to use NUMECA. Discussions with colleagues and NUMECA personnel will provide an excellent forum for sharing ideas and experiences.

We hope to see you at the User Meeting in November and await your early registration!

More information on this exciting event will follow soon.

With our best regards,

A handwritten signature in black ink, appearing to read 'C. Hirsch', is written in a cursive style.

Charles Hirsch
President
